By purchasing a shareholding you become a member of Uley Community Stores and you are entitled to one vote at the AGM.

Shares should be regarded as a long-term investment in the community but you could withdraw them after 3 years, giving 3 months' notice, at the discretion of the management committee. They will never exceed their initial value, but they may go down, or be completely lost, if the shop fails to prosper.

For this investment you will not have any recourse to compensation or right of complaint to the Financial Ombudsman Service. Your contact details will only be used to keep you informed of UCS news and events such as the AGM notice.

For UCS use only
